You need it, we write it! **Celebrating 10 years in business!**

INTRODUCTION

In the 10 years since Avery Enterprises began writing quizbowl questions in 2001, we've written everything from 3rd grade Academic Bowl in Georgia and New Mexico, to middle school quiz contests in Connecticut, to high school social studies contests in Ohio, to community college quiz tournaments in Kansas, to English exams in upstate New York, to local TV quiz series from California to Florida, to America's National Science Bowl, to Knowledge Bowl tournaments in Brazil, to math contests in Thailand!

Our motto "You need it, we write it" is no exaggeration. Whether your quizbowl tournament uses tossups only, tossup/bonus, four-quarter, Knowledge Bowl, or something highly unusual, we have probably either written something similar already—or are about to start. If your league or local tournament uses Questions Unlimited, Questions Galore, Academic Hallmarks or Patrick's Press, use our questions in your format this year—many who have stay with us because our questions are just better.

We also write at least one league or tournament a year in nearly every official state quiz format in America. From 2-part bonuses in Missouri and Georgia, to 4-part bonuses in Illinois, to worksheets and category rounds in Ohio, to fanfare rounds in Pennsylvania, to lightning rounds in Texas, Alabama and Louisiana, to the multiple-choice questions used in Science Bowl—people need it, so we write it.

Hundreds of schools also join our annual subscription service that provides thousands of extra practice questions (*tossups, 4-part bonuses and lightning rounds*), downloaded each week from our website to your desk. Volume discounts are available for districts to purchase the service for each of their schools. Some districts even use the service for their local tournaments!

And our affiliates at Foothills Education are developing a quizbowl app for the iPhone/iPad. When you buy questions (*or get free samples*), you'll join our opt-in list and be the first to hear about the app when it's done.

To celebrate our 10th anniversary, we offer two special deals for 2011-12:

1) Your high school or middle school can play this year's Recent Events Challenge during the week of October 24th, 2011 for only \$10 ! The winning school at each level receives our subscription service free for the entire year.

2) Buy at least \$150 from the breadth of material in this catalog and your school can play this year's Recent Events Challenge for free!

We look forward to working with you as we celebrate 10 years in business!
