ABOUT US

Since Avery Enterprises began in 2001, we've written everything from 3rd grade Academic Bowl in Georgia and New Mexico, to middle school quiz contests in Connecticut, to high school social studies contests in Ohio, to community college quiz tournaments in Kentucky, to English and math exams in upstate New York, to local TV/radio quiz series from California to Florida, to America's National Science Bowl, to Knowledge Bowl tournaments in Brazil, to math contests in Thailand!

In June 2016, we purchased the former Questions Galore and are now assimilating their products and services into our own. As part of that purchase, we are now the writers for the Illinois Elementary School Association (IESA) State Scholastic Bowl Series—who is now our largest customer! We invite those who have worked with IESA in the past to try *our* questions in your format this year—and anticipate you will like our questions even better! From 2-part bonuses in Missouri and Georgia, to 3 or 4-part bonuses in Illinois, to worksheets and category rounds in Ohio, to fanfare rounds in Pennsylvania, to lightning rounds in Alabama and Louisiana, to TV and radio shows all over America, to the multiple-choice questions used in Science Bowl, and even to quiz tournaments in Brazil—people need it, so we write it.

Hundreds of schools join our annual subscription service that provides thousands of extra practice questions, downloaded each week from our Dropbox account to your desktop. Volume discounts are available for districts to purchase the service for each of their schools. Some districts even use the service for their local tournaments.

Check out our Recent Events Challenge, gifted/talented materials, Common Core math sets, and the former Questions Galore question sets in this catalog !

Make sure to ask for our free sample questions so you get on our e-mail list! List members get our newsletter 7 times each school year and keep up to date on what we're doing.

For (free) advice on how to set up an academic competition for your students, call us at the number below. We look forward to working with you!

FACT MOUNTAIN APPS

Every student who asks how to get good at quizbowl gets the same answers: read textbooks, read old questions, read the newspaper, go to quizbowl practice and tournaments, take notes, write questions yourself, etc. Someday, kid...you might be pretty good.

This is similar to what many AP teachers tell students about how to pass those tests.

What if you could get good in a subject— really good—quizbowl or AP good—using an app, in a whole lot less time than conventional study methods, and have a whole lot more fun doing it?

This is why our affiliates at Foothills Education developed Fact Mountain apps.

Go to <http://www.factmountain.net/> and watch their commercial. Try their free sample on your own Windows laptop or desktop.

Whether for Windows laptop/desktop , for Apple iPhone/iPad, or now for Android devices, you'll see why they say, "On Fact Mountain, you just know."

Contact us for information (and volume discounts) on putting our Windows apps on each computer in your lab or school!

2016-17 RECENT EVENTS CHALLENGES

High school and middle school teams (*including home-school families or groups*) play our Recent Events Challenges for a chance at a free half-year subscription to our subscription service. No travel needed; play in your classroom and e-mail us your answers! Everyone on your team plays at the same time and contributes their answers to your team's score.

This is a superb way to build team camaraderie and get your season off to a great start. Use it to help decide who your captains will be—and as a motivator to get everyone studying and paying attention both in practice -- and in life!

We have moved the Fall Challenge date so that schools who can't start until Oct. 1 can now play. We have moved our Winter Challenge for middle schools to the week that Illinois/IESA schools can start their seasons. So if you've never played before, come on down!

For this event, no purchase orders accepted; payment required in advance by check, by PayPal through our website, or by calling us with credit card in hand. Reimbursement receipts are provided by e-mail. (*NOTE: the HS and MS questions overlap, so only order both if you have 2 entirely different groups of students playing.*)
